Sir:

In response to the office action dated November 20, 2002, please amend the above-identified application as follows:

IN THE CLAIMS:

Please amend the claims as follows:

- Sub
91
2. (Amended) A monoclonal antibody according to claim 1 which is available through:
 - a. production of hybridoma cells enabled to produce monoclonal human-CD28 specific animal antibodies by means of an immunization with non- T tumor cell lines on which human CD28 is expressed,
 - b. optionally, humanization of the monoclonal animal antibodies available from the hybridoma cells pursuant to A. above through a biochemical or gene-technological exchange of constant components of the animal antibodies against analogous constant components of a human antibody or replacement of genes of the hybridoma cells corresponding to the components; and
